Nax L, Fiberstone Black (E1036-100-01)

dutch design **pottery** and more.

Pottery pots is a global brand with Dutch roots, developing and selling high quality planters and related products, from jumbo pottery to small accessories and from glossy to rough finishes.

The company has its headquarter, showroom and warehouse in Hazerswoude-Dorp, the Netherlands. The North and South American market is operated from our showroom and warehouse in Pennsauken Township, New Jersey and our showroom in Atlanta, Georgia; both in the United States of America. We also have a warehouse in Vietnam, from which we ship containers.

Since our foundation in 2008 we aim for an extensive assortment that is based on the belief that design should be available for everyone. That is why we are always looking for the perfect balance between design, quality and price. Every pottery pots product is designed from a simple but clever perspective. We believe in basic forms and shapes, without thinking of it as boring. This no-nonsense way of thinking and designing is assigned to the Dutch identity, and is widely known as 'Dutch design'.

At pottery pots we want every indoor and outdoor space to stand out. To achieve this, we developed a wide selection of lightweight fiberstone planters to make sure we always have a suitable product for your project in stock.

With our 15 years of experience in selling pottery we know how to give you the best advice. We know buying pottery can be a challenge, but we are here to help you. Whether you need to choose your assortment for the next season or you would like to know which planter suits best in your project, our aim is to serve you the best pottery.

Bohemian

Ficonstone

Inspired by travelling and stories, the bohemian collection is a perfect combination of natural colors and crafts. These planters are made with an unique process; traditionally woven baskets are turned into strong planters by using ficonstone on the inside. Due to the natural composition of the material, some color and size variations may occur.

Within the Bohemian collection, you can choose between two different looks, each with a different material on the outside that is ecologically responsible: **Bamboo** and **Straw Grass**.

Bamboo

- Handmade and unique
- Strong inside because of the combination of fiberglass and cement
- Pot always remains in perfect shape because it is made of strong material
- Standard drain hole with plug and feet for the best waterdrainage
- Indoor and outdoor

Straw Grass

- Handmade and unique
- Strong inside because of the combination of fiberglass and cement
- Pot always remains in perfect shape because it is made of strong material
- Only indoor

Mediterranean

Ficonstone

The Mediterranean collection is inspired by the sun-drenched shores and beautiful landscapes of the Mediterranean. Get lost in the hidden streets and feel the soft summer breeze coming into the houses. The collection contains models all named after a Greek god. The designs have a historical shape with a modern twist.

The pots are made of ficonstone which is a mixture of cement, crushed stone, sand, and fiberglass. This makes the pots durable but lightweight and ensures that the empty pots are easy to move for every design need. This versatile collection is suitable for both indoor and outdoor use and will give any space a modern Mediterranean touch.

Use & care

Our use and care collection offers a variety of products to maintain or upgrade your Pottery Pots planters. Most of our products can be used both indoors and outdoors. When products are placed outdoors, a special outdoor treatment is required. The use and care accessories keep your products in the best possible condition.

Pot Feet, Fiberstone Grey (16-S4-03)

Your products deserve the best maintenance

Keep your Pottery Pots planters in the best possible condition with our supporting Use & Care products. This range offers various products to maintain or upgrade your planters. All products can be used both indoor and outdoor when the Use & Care products are used correctly.*

IN GENERAL

- 1. Is there any damage caused to your planter? Easily touch it up with our **lacquer pen**.
- 2. Use the **maintenance oil** to preserve and enhance the surface of fiberstone black planters. The oil also protects against discoloration and simplifies maintenance.
- 3. Would you like to turn your planter into a pillar? Use one of our **toppers**!
- 4. Do not replace the planter after filling. The weight of the clay pebbles, the soil and the plant could cause damage to the planter.
- 5. Make your planters easy movable with **pot wheels**.

FOR OUTDOOR USE

- 1. Drill holes in the bottom of the planter and cover these with mesh, to make sure the soil cannot clog the holes.
- 2. Put the planter in the right place.
- 3. Use **pot feet** to make sure that the planter does not directly make contact with the subsurface.
- 4. Fill the planter with 1/3 of **clay pebbles** and 2/3 of **fertilized soil** and place the plant in the planter.

Tip: place a piece of duct tape where you will drill the hole, to avoid the drill from slipping.
